Powerlink Facilities Management Services Promotes Scott Rice to COO

Rice helped launch the company in 2003

November 17, 2009, Detroit, Mich. -- Powerlink Facilities Management has promoted Scott Rice from Vice President, Operations to Chief Operating Officer.

Scott joined the Link 2 Technologies in March of 2003 and was responsible for starting Powerlink Facilities Management Services. He received his undergraduate degree in Business Administration from Walsh College. Prior to joining Powerlink, Scott worked as the general manager of two plastic injection molding plants in the automotive and consumer products industries.

Powerlink is an ISO 9001-certified facilities management and maintenance services company whose professional staff follows industry standards for quality and process to help customers reduce costs, improve efficiency and gain higher customer satisfaction.

Large and multi-location healthcare providers, industrial facility and commercial building owners recognize Powerlink for its outstanding services, including building management, capital projects planning, maintenance, environmental services, groundskeeping and housekeeping.

With headquarters in Detroit, Powerlink's staff of more than 300 service professionals is seamlessly integrated at more than 100 customer sites in the midwest and Ontario, Canada.
